PROFESSIONAL SUMMARY

Highly motivated Financial Technology undergraduate at Covenant University with internship experience in digital banking, fintech operations, trade services, treasury management, and business administration. Demonstrated leadership through academic administration, financial management, project coordination, stakeholder engagement, and brand management roles.

Experienced in entrepreneurship, event planning, communication, and organizational management, with a proven ability to lead teams and execute projects successfully.

Seeking a Graduate Trainee opportunity to leverage analytical, leadership, and problem-solving skills in driving organizational growth and operational excellence.

PROFESSIONAL EXPERIENCE

Founder, Chief Operating Officer

2024 – Present

› Theokallia

- Founded and scaled a product-based business, overseeing end-to-end operations including strategic planning, marketing, customer relations, and product management from inception to active operations.
- Designed and executed multi-channel sales campaigns and branding initiatives that drove measurable growth in customer engagement and product visibility.
- Streamlined inventory management and operational workflows, improving stock accuracy and enabling consistent fulfilment across customer orders.
- Developed and implemented digital marketing strategies that increased brand visibility and contributed to consistent revenue growth quarter-on-quarter.

Brand Manager

2025

› Ferina's Journals

- Repositioned brand identity and communications strategy, resulting in a more cohesive and professional market presence across digital channels.
- Created and executed targeted promotional strategies that boosted brand awareness and grew a loyal customer base across key platforms.
- Spearheaded content creation and digital publicity campaigns, maintaining consistent brand voice and increasing audience engagement.
- Drove customer acquisition efforts through strategic outreach, contributing to measurable brand growth and repeat engagement.

Intern – Digital Banking department & Trade Services

2025

› Globus Bank Ltd

- Gained hands-on experience in digital banking operations and fintech processes, contributing to the efficient delivery of customer-facing financial services.
- Applied banking technology tools to support customer-focused financial solutions, improving processing accuracy and service responsiveness.
- Supported trade transaction processing and documentation within the Trade Services Department, ensuring accuracy and compliance with banking procedures.
- Collaborated cross-functionally to uphold service standards, contributing to consistent operational efficiency within the department.

Treasury Department Intern

2026

› Covenant Microfinance Bank

- Contributed to daily treasury operations and liquidity management, supporting the bank's financial stability and cash flow monitoring processes.
- Prepared treasury reports and maintained financial documentation, ensuring accuracy and compliance with internal reporting standards.
- Participated actively in treasury administration workflows, building practical knowledge of microfinance financial management and fund oversight.

LEADERSHIP EXPERIENCE

General Secretary

2026 – Present

› Kerygma Global Ministries

- Coordinated official correspondence with sponsors, partners, guest ministers, and stakeholders.
- Drafted and managed formal communications for Healing and Worship Meetings (HAWM).
- Supported event planning, administration, and stakeholder engagement activities.
- Contributed to the successful execution of HAWM Abuja and HAWM Enugu.

Academic Director

2025 – 2026

› Finance Students Association (FINSA)

- Led academic initiatives designed to improve student engagement and performance.
- Coordinated seminars, tutorials, and educational support programs.

Assistant Head & Financial Secretary

2025 – 2026

▸ Communion Unit

- Assisted in planning and coordinating unit activities; supported leadership and team management.
- Managed financial records, accountability processes, budgeting, financial planning, and reporting.
- Ensured proper documentation and stewardship of unit resources.

Head of Resources

2024

▸ Project 5.0, Covenant University

- Managed resource allocation and logistics coordination.
- Ensured availability of materials and support required for project execution.

Social Media Lead

2025

▸ College Week

- Led publicity efforts and managed social media communications.
- Developed content strategies that enhanced engagement and event visibility.

UNECA Committee Delegate – South Africa

▸ Covenant International Model United Nations

- Represented South Africa in committee debates and negotiations.
- Conducted policy research and contributed to drafting resolutions.
- Demonstrated diplomacy, negotiation, and public speaking skills.

ACADEMIC PROJECTS

Final Year Research Project

2025 – 2026

▸ Covenant University, Department of Financial Technology

“Digital Insurance and Its Effect on Financial Inclusion in Nigeria”

- Conducted secondary research into digital insurance adoption trends and their impact on financial inclusion across underserved populations in Nigeria.
- Applied data analytics and qualitative research methods to evaluate the relationship between insurtech solutions, digital payments, and financial access for low-income segments.
- Produced evidence-based policy recommendations aimed at improving regulatory frameworks for digital insurance and expanding financial inclusion across Nigeria.
